## BRASS BEDS

Did you know that a Brass Bed as an article of furniture has never been equal for strength, durability and general appearance? Where, for the money, can you find a piece of furniture to compare with it? Then again, from a sanitary point of view, the lacquer with which they are finished serves as a proof against the lodgment of disease germs. Do not overlook the fact when selecting the furnishings for your bedroom. What could be better for your sleeping apartment than one of our Brass Beds, an all iron National Spring and a Purity Cotton Felt Mattress? A Mattress that is dust and vermin proof. Think this over. Our new line for Fall is now ready for your inspection.
